

# Beam Seating

## BEAMU Waiting Room Seating

The Medi-Beam upholstered seating range offers modular, robust seating for communal areas such as waiting rooms and reception zones.

Available in configurations from single chairs to four-seat benches, this seating system lets you tailor layouts to specific space requirements.

Each seat features a durable black epoxy-coated mild steel frame, complemented by non-marking plastic feet, and may be specified with or without armrests.

This flexibility supports both fixed and freestanding installation to meet a variety of layout preferences. Each seat supports a maximum safe working load of 114 kg and is fully UK-manufactured and CE-marked.

Upholstery is offered in our 14 standard vinyl colours, engineered for high-traffic environments. These finishes are MRSA-inhibiting, fire-retardant, and treated with Bio-Pruf to resist mould, mildew, and odours.

This range delivers a smart, hygienic, and highly customisable seating solution engineered for the rigour of high-traffic healthcare environments.

Code	Width	Depth	Height	Seat Height	Arm Height	SWL
CHRU01-COLOUR	46cm	57cm	82cm	53cm	n/a	114kg
