Medi-Plinth Easy Clean Overbed Tables are designed to deliver dependable, hygienic, and versatile surface space for use in hospitals, care homes, and clinical facilities.

Built for hygiene, strength, and longevity, each unit is independently FIRA tested and certified to BS EN 16121:2013 (Level 2) for safety, strength, and durability.

With bolted-through castors and fixings, the lockers offer long-term stability and easy cleaning.

Available in white, oak, or grey finishes, each locker includes a lockable drawer or flap, a spacious cupboard with twin doors, and the option for cam, RFID, or digital locking, providing secure storage for patient belongings.

Optional features such as a spill-resistant plastic top, towel rail, or washbowl holder further enhance functionality.

Designed to BS 1765-2:1976 and backed by a 3-year manufacturer warranty, this range delivers dependable, hygienic storage tailored for modern healthcare.
