

# MST Single/ Low Column

- 1 Choose your column size; Single or Double
- 2 Choose your format; A4 or A3 draw width
- 3 Choose your Configuration; Bow Handles, Enclosed Sides, Lockable Door, All Three, or Standard

## MST Trolleys

The range includes single or double column options in both A4 and A3 formats, with narrow or wide profiles to suit various space and capacity needs. Each trolley can be configured with a choice of four tray arrangements, and all relevant trays are included as standard. Constructed from mild steel and finished in a white epoxy powder coating for easy cleaning. A recessed top tray helps secure items during movement, while 100mm swivel castors ensure smooth manoeuvrability in busy healthcare settings. Trolley dimensions include A4 single column units, A4 double column units and A3 single column options. These trolleys meet the practical demands of NHS and private healthcare providers.
